

**ALL-NEW  
LITE ACE**

## LITE ACE

- Redesigned and relatively mobile for all. Toyota Lite Ace has a new look; instead of being a super minivan, it is now an improved light commercial vehicle (LCV) with multiple rear body type configurations that can adapt to your business needs.
- The Panel Van stretches to 4,045mm x 1,665mm x 1,930mm, while the Pick up bed measures 4,195mm x 1,675mm x 1,920mm.
- Both models are powered by a gasoline engine with a manual transmission, 97 horsepower at 6 thousand revolutions per minute, rear wheel drive, and 14-inch wheels. It has two front seats and two airbags for safety in the event of an unexpected collision.
