

RAV4

Discover the potential in every day

RAV4

- ⇒ **Stylish** Sporty, Dynamic and Strong looking exterior styling with a bold, powerful and high-quality interior.
- ⇒ **Quality Interior** High-quality aesthetic features in the RAV4's interior create a sportier look. Highly supportive seat bolsters provide extra support in order to keep the driver and passenger's body firmly secured when cornering.
- ⇒ **Ground Clearance** Don't sweat the small stuff. RAV4's ground clearance lets you easily handle off-road trails and pathways. The ride height also gives you a more confident view of what's around you.
- ⇒ **Comfort** RAV4's Toyota New Global Architecture (TNGA) platform refines the drive wherever you take it. A longer, wider stance makes the handling more responsive, while a stronger core gives you a ride that is smooth and confident.
- ⇒ **Luggage Room** Length has been increased to support flexibility in a wider range of scenarios. Luggage space can be further expanded by folding down the rear seats.
- ⇒ **Safety** RAV4 comes standard with a driver and front passenger Advanced Airbag System, with driver and front passenger seat-mounted side airbags, driver knee airbag, front passenger seat-cushion airbag, in addition to front and rear side curtain airbags. Eight airbags total — all focused on your safety.
